Waveon Industrial Services Ltd is a company duly registered in Nigeria with the relevant agencies. We specialize in Manufacturing, Export, Import and Supplies of High Quality Pneumatic Machines and 100% non-sparking safety tools, which are manufactured on alloys: beryllium copper, Brass, Bronze, Titanium, Aluminum,

Our number one top product is branded **NIPPLESTAR TOOLS** which is of high quality composition, 100 % brass or copper, safety is guarantee, and they last longer.

This product is of high demand by major oil and gas companies around the world because it last longer during usage and 100 % brass or copper therefore guaranteeing 100% non-spark, even careless worker can work with it with no fire hazard in inflammable environment or atmosphere.

NIPPLESTAR TOOLS products is truly a leading 100 % non-spark safety tools in model time.

Your usage of these safety non-sparking tools will give you a convincing experience.

Our safety non-sparking tools ranges from 500 to over 7000 different specifications such as:

- Wheel or circular 100 % brass or copper wire brushes
- Needle pins chisel or chipping gun (nipple star products or zhiyuan products)
- Scrapers, wrenches, sockets, original high psi needle pins.
